

# LINES WEST – BUCKEYE REGION CHAPTER

## PENNSYLVANIA RAILROAD TECHNICAL & HISTORICAL SOCIETY

\*\*\*\* BULLETIN NO. 2014-01 APRIL 2014. 'SPECIAL' NEWSLETTER \*\*\*\*

### Lines West – Buckeye Region

Division 6, NMRA, has invited the members of our Chapter to attend a presentation by Ted Goodman, AIA. Ted is principal and owner of F. A. Goodman Architects, LLC. Mr. Goodman has long maintained an interest in the railroad industry and its history. Familiarity with 19<sup>th</sup> Century construction methods has led to several railroad station rehabilitations. His study and experience in locomotive maintenance has brought him several railroad maintenance and storage projects including the impressive “Age of Steam Roundhouse”.

Ted will give an informative presentation relating to the construction of the roundhouse project near Sugar Creek, Ohio.

Since many of us recently visited this facility with several Division 6 members, they thought it appropriate that our Chapter members be invited to join them for this unique opportunity.

The presentation will start at approximately 1:00 pm, Sunday, May 4, 2014 at the Reynoldsburg United Methodist Church, 1636 Graham Rd., Reynoldsburg, Ohio, 43068.

We need to give Div 6 an advance head count of Chapter members, who are not NMRA members, that plan to attend. Please reply to this email by April 23<sup>rd</sup> if you will attend.
